Release Notes 1.0

- **Display/Edit (Project Fields Tab):** Every JIRA project, if Profields is installed, will show a new Project tab panel where, organized in a two-column format, the project fields will be displayed along with the information stored on them. Also, depending on permissions, users will can edit and/or display the information.
- **Gadgets:** Profields includes four gadgets that can be dragged on the dashboards. These gadgets will show a graphical o tabular way to easily view and/or manage the information. We love JIRA and we've tried to reproduce the same look and feel for these elements.
